PRESS RELEASE

FOR IMMEDIATE RELEASE

## ***Data Distributing celebrates its 600th DICOM Installation***

**April 17, 2008 – Santa Cruz, CA** – Data Distributing today announced that its Professional Services Division has deployed its 600th DICOM installation.

“This is a hallmark day in our history and it speaks volumes as to how our OEM customers and their end users feel about our solutions and professional services” says Nancy Fisher, President and CEO of Data Distributing. “Our continued growth demonstrates the consistent delivery of value and exceeding customers’ expectations with every DICOM deployment.”

### **About Data Distributing’s DICOM Solutions**

Each of Data Distributing’s archive and distribution solutions are designed to increase workflow and decrease departmental costs and downtime. Data Distributing’s storage solutions bundle the archive appliance and DICOM application software for cost-effective online, nearline and offline storage. Their DICOM CD burning solutions include industry leading hardware and application software for disc spanning, anonymization and reporting functionality.

### **About Data Distributing’s Professional Services**

Data Distributing’s Professional Services Division provides hardware and installation services, complete OEM software and hardware bundles, onsite customer training, remote monitoring, 24/7 first line support, post warranty services, system refresh and upgrades.

### **About Data Distributing**

Founded in 1984, Data Distributing develops innovative digital and DICOM solutions and provides the integration and professional services to a growing number of facilities, OEMs and channel partners worldwide. This international company, headquartered in California, creates solutions that are used by hundreds of leading medical centers. For additional information on Data Distributing, please call (949) 598-1880 extension 1213, or visit Data Distributing’s web site at [www.datadistributing.com](http://www.datadistributing.com).
