PRESS RELEASE

FOR IMMEDIATE RELEASE

Carolinas Healthcare System Adds Multiple Solutions From Data Distributing

August 13, 2007 – Santa Cruz, CA - Data Distributing, a leader in turnkey DICOM solutions, today announced Carolinas Healthcare System has chosen them as supplier for DICOM CD burning solutions, adding additional systems throughout their facilities. Value-Added Reseller, D2 Digital Solutions will provide this solution to Carolinas Healthcare.

“Data Distributing’s DICOM CD Station enabled me to convert and distribute DICOM image CDs from my PACS system which burned CDs as non-DICOM,” said Wilford Green, PACS Manager for Carolinas Healthcare System. “The immediate value was streamlined information sharing among physicians, with minimal delay for patients. We are thrilled with the results.”

DICOM CD Station is a bundled CD burning solution comprised of Rimage disc publishing system including thermal imprinting capabilities, IHE tested application software, and embedded DICOM viewing software. DICOM CD Station resides on a PACS network retrieving DICOM, patient images and burns them to disc for referring physicians and patients.

“Data Distributing has been the chosen supplier of DICOM CD solutions to Carolinas Healthcare, for multiple units, over the years,” says Nancy Fisher, President and CEO of Data Distributing. “This speaks volumes about the value and reputation of Data Distributing’s solutions, customer service, as well as the quality of the Rimage Publishing Systems.”
